## Chapter 14 – Education and Religion

### Instructions for the Week of March 21 to 25

Welcome to the last quarter of the year. 10 more weeks and we'll be all finished up. Hard to believe we've done a whole year online, but it was what it was, right? So, this week we'll continue our discussion of social institutions and begin a new chapter on the sociology of education and religion, two very important institutions in the modern world. I'll go over some of the slides with you and we can talk about some of the aspects during Zoom. Here's your breakout for this week:

**Task 1:** Click "PowerPoint Notes for Education and Religion" and go over slides 1 – 20. After going through this part of the presentation, I would like everyone to write two questions and make two comments about the presentation. You will upload this information to our Google Classroom page.

**Task 2:** Click "Text Reading and Text Assignment # 11" to find out what to read that week and the accompanying text assignment. This text assignment will be uploaded to the Google Classroom page.

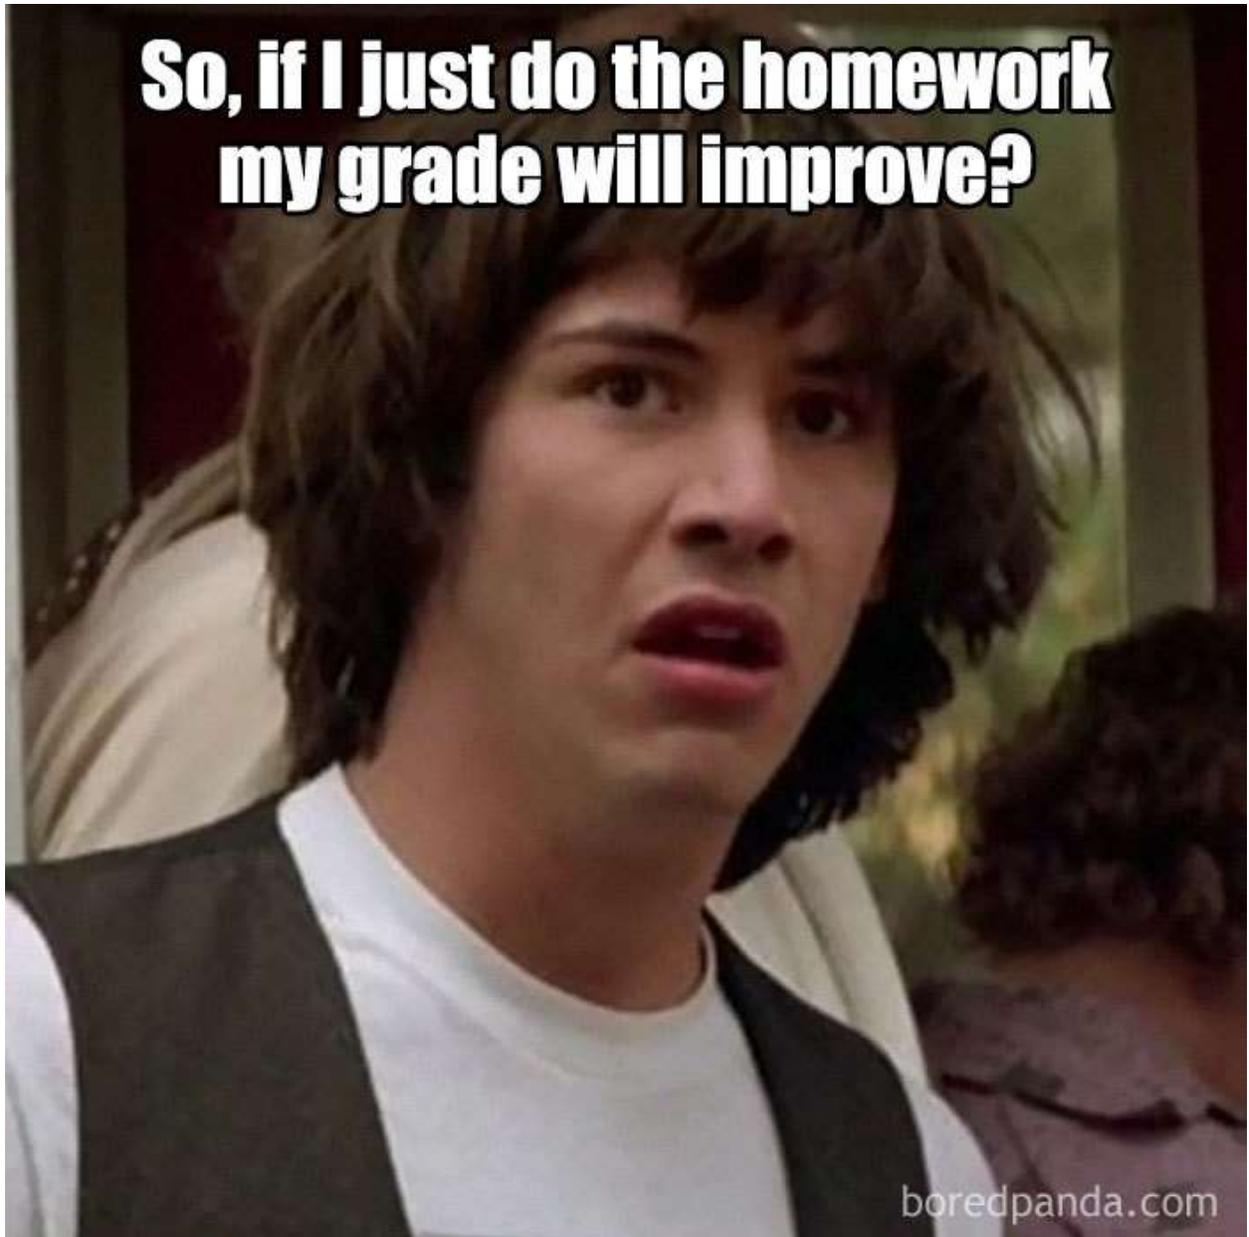

**Task 3:** Click "Crash Course # 39: Religion and Society." These short, 8 to 12-minute videos are a great way to familiarize yourself with some of the concepts we use in sociology. Nicole knows, so listen up!

**Task 4:** Each lecture will be accompanied by an article which will correspond to that lecture's theme. This week will require you to upload a "journal response" to the article. Remember, one *full* page for the full 10 out of 10 points credit and make sure to analyze, not summarize (don't tell me what the article is *about* (summarizing), tell me what you *think* about it (analysis).

**Task 5:** Click on the link for this week's video and review. After watching the film, you will go to our Google Classroom page and upload to the Discussion Board Response. On this page I would like you to write a short, one to two-paragraph comment about the film. After that, please respond to two other student's responses. Please keep your responses to other students respectful – we don't need to agree, but let's be polite and mature in how we talk to each other...

More to come...we'll knock out this chapter next week. Until then...  
Peace out People,  
Kropf

**So, if I just do the homework  
my grade will improve?**
