## **Week Fourteen / Chapter 15 – Science and Mass Media (continued)**

### **Instructions for the Week of April 12 to 16**

Welcome back gang. Hope everybody got a little rest cuz we got about 6 more weeks and it's gonna be go go go! Let's finish up the discussion we started before the break on science and the mass media, our last chapter before we move on to our last unit (The Changing Social World) which will serve as a sort of wrap up of everything we've been examining to date. Here's your goodies:

**Task 1:** Click "PowerPoint Notes for Science and Mass Media" and go over slides 9 – 16. After going through this part of the presentation, I would like everyone to write two questions and make two comments about the presentation. You will upload this information to our Google Classroom page.

**Task 2:** Click "Text Reading and Text Assignment # 14" to find out what to read that week and the accompanying text assignment. This text assignment will be uploaded to the Google Classroom page.

**Task 3:** Click "Crash Course Government and Politics # 44: Media Institutions." These short, 8 to 12-minute videos are a great way to familiarize yourself with some of the concepts we use in sociology. Where's Nicole 😞?

**Task 4:** Each lecture will be accompanied by an article which will correspond to that lecture's theme. This week you are only required to read the article. No journal response is required.

**Task 5:** Click "Video: Project Censored: The Movie" and watch the entire film. After watching the film, you will go to our Google Classroom page and upload to the Discussion Board Response. On this page I would like you to write a short, one to two-paragraph comment about the film. After that, please respond to two other student's responses. Please keep your responses to other students respectful – we don't need to agree, but let's be polite and mature in how we talk to each other...

So, are we back to normal? No more "fake news" and rejection of science? Things that make you go hmmm.....(sure hope so though....)

Kropf
