

Instructions for the May 4, 2022 Lecture

Folks we have two more lectures to go. Almost there. You should have your research paper back by now (or very soon), so go ahead and fix anything I marked that needed to be corrected. You'll load it up to Turnitin on Canvas one more time on the 18th of May. Tonight, I would like to expand on the discussion we had back on March 9th when we were looking at political culture theory by taking a deeper look at how religion and nationalism effect the international system and whether these phenomena work to expand or reduce conflict in IR. Here is your schedule for tonight and the week:

Lecture 14. Religion and Nationalism

Task 1: Read these instructions (just two more times).

Task 2: Read text "Religion: Why Faith is Becoming More and More Popular" by Harriet Sherwood. Many of my students think religion will be a force for continued problems in the world. What do you think?

Task 3: Watch the lecture presentation on "Religion and Nationalism." Two powerful forces in world politics. We'll look at positives and negatives.

Task 4: Read the article for your journal response "The Forever Wars" by Saad Hafiz. You can find the question on the link titled "Lecture / Discussion Page" highlighted in yellow. After completing the response, you will have until the date posted on the assignments page on Canvas to upload.

Task 5: Open the link for the video and watch *The Doctrine of Discovery: Stolen Lands, Strong Hearts*. A little known religious inspired doctrine still in effect today.

Task 6: Click the link titled "Discussion Board Question and Peer Responses for Video Presentation" and answer the question that I have posted in approximately one to two paragraphs or so. Wait for other students to put their responses and then pick two students to respond to. The deadline for these responses will be posted on the Canvas assignments page. Don't be late....

We're looking at just one more lecture! Easy street kiddies. Make sure that paper is smokin' good before you upload it again. Remember, if things aren't fixed, your final paper grade goes *down*, not up. Pay attention to details!!

See ya'll next week...

Kropf

**"I am a
nationalist."**

- Trump, today

**"Nationalism is an infantile disease.
As a citizen of Germany, I saw how
excessive nationalism can spread like
a disease, bringing tragedy to millions.**

**I am against any nationalism,
even in the guise of mere patriotism.**

**Privileges based on position and
property have always seemed to me
unjust and pernicious, as did any
exaggerated personality cult."**

- Albert Einstein
